Use your illusion

May 21 - Jun 11 2021

خيال مرتفع

این مجموعه در یی تو همی خداگونه شکل گرفت.

در مسیر، هر چه کارها به پیش رفتند از جایگاه خالق به جستجوگر تبدیل شدم.

خط به عنوان عنصری که فضای درون و بیرون را در بردارد مورد توجهم قرار گرفت. جستجو از لابلای خطوط برای یافتن اَشکال یا در اساس شکل گیری چیز ها از خود خطوط، خیالاتی بود که منجر به «خیال مرتفع» شد.

رفته میل به ساختن جهانی از دل نادیدنیهای جایی که در آن زیست میکنم اصلی ترین مقصودم در شکلگیری این مجموعه شد. ممکن است میان و هم و خیال یکی بر دیگری ارجح باشد، اما شاید همان طور که در زبان عامیانه به کار میبریم تفاوتی میان خیال و تو هم نباشد. کلیدها: نور، هندسه، فضاهای بینابینی چیزها، زمان، مکان، باز آفرینی، شهودی، فارادی.

Use your Illusion

On the heels of a Godly illusion, this collection was born.

Treading the path of creating these art works, the further i went, the more i transformed from being a creator to being a quester.

As an inclusive element covering the inside and outside space, line caught my attention.

Searching Through lines to find shapes or formation of things from the lines themselves in its origin were

Imaginations that led to the creation of the collection Use your illusion.

Not overnight but one step at a time took me to the desire for constructing a world withdrawn from inside

Of the unseen existing in my own habitat.

A desire which turned out to be my underlying intention for creating this collection.

Terminologically, in illusion and imagination, there might be a preference between one another

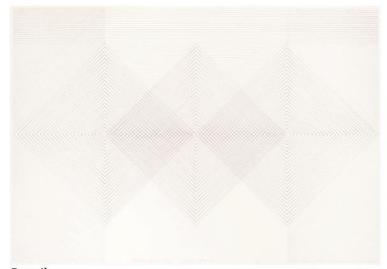

But colloquially speaking, probably not much of a sense nuance lies between them .

Keys: light, geometry, interstitial spaces, things, time, place, recreation, intuitive, Faraday.
